<b>Weight</b>	Max. Payload	26'480	58'360
	Container-Tare	4'000	8'850
	Max. Gross Wt.	30'480	67'200
		Cube Metres	Cube Feet
<b>Volume Capacity</b>	Max. Payload	76,2	2'690

- Internal dimensions and weights are based on shipping line's and manufacturer's specifications. Tolerances must always be taken into account by shipper. Above mentioned details are to be considered as a guideline only.
- Weight restrictions may be considered throughout the whole transport leg. National rules and regulations for road and rail transport, capacity limitations of cranes in seaport and inland-terminals as well as other factors may overrule the possible payload of a container.
- For precise case-by-case information consult your local Freight Forwarder, Packaging Specialist or the specific shipping line you are going to book with.
